

ENG201 Digital Deadline #4 (A23): The HOMEPAGE and COLLABORATIVE ROLE (5 points)

Name _____

When we return to the classroom on May 15, everyone will present their websites to the class. You will need to have the landing pages/homepages and ALL pages done. For the last class, you will also need to complete the collaborative/group requirements of the website. You have two individual tasks: 1) complete your section of the homepage/landing page; 2) complete your leadership task. For the leadership task, you have a few choices. You can be the **Webmaster** where you must make sure that everything on homepage is done and come up with final title, URL, and header for the site. You can be the **Biographer** where you must create the bio mainpage (see the course website for examples). You can be a **Presenter** where you must spend 10-15 minutes in class (not shorter, not longer) to explain your website's URL, title, and each person's contribution (and show all the webpages to the class). **This work will be graded on Monday, May 13 at the end of class (you must come to class with it done).**

ENG201 Digital Deadline #4 (A23)

The Tasks to Receive ALL 5 Points for Collaboration	Check Here When Task Is Done
1. On the homepage, I have chosen one of the page breaks (author 1, 2, 3, or 4) and introduced my section. I used some kind of image that represents my section of the website. I provided the URL of the image.	
2. I have written 150-200 words that explain my section (I can even repeat what I have already written on the website subpages). I have also weblinked to my main section.	
3. I also contributed to the mission statement that was created in class on May 8 in the computer lab.	
4. As the webmaster , I made sure that that everything on homepage was done and came up with a final title, URL, and header for the site. As the Biographer , I created an interesting and creative bio mainpage. As a Presenter , I spent 10-15 minutes in class (not shorter, not longer) to explain our website's URL, title, and each person's contribution (and showed INTERESTING webpages to the class).	
5. I took my collaborative role seriously, made sure that I met the deadline for the last day of class, and did not leave my group hanging.	
Final Points for Digital Deadline #4 (A23)	

NOTICE #1: The points for the digital project are FINAL. However, you can take any ONE point-spread (like this one) and revise that assignment. Please retain each and every point spread (or scan it). On the last day of class, **May 13**, re-submit that ONE point-spread if you want a re-grade. If you do not have the point-spread, you will not receive the re-grade. **NO EXCEPTIONS!**

NOTICE #2: For any webpage that you create with this final project, you can go to the writing center (WC) and have a tutor look over and copyedit your page so that it is perfect. Each time that you go to the WC, you will receive 2 extra credit points for the class. Make your appointments now--the writing center fills up fast at the end of the semester. Hold on to your attendance ticket and submit it (that's your proof of WC attendance).

Final Attendance Points of Semester (See first pages of the syllabus for details on this)
